

INSTITUTE OF COSMOPHYSICAL RESEARCH AND RADIO WAVE PROPAGATION FEB RAS  
**SOLAR-TERRESTRIAL RELATIONS AND PHYSICS  
OF EARTHQUAKE PRECURSORS**

9th International  
Conference

October 17 — 21, 2018, Paratunka, Russia

The following topical areas in solar-terrestrial physics and in geosphere processes dynamics have been discussed at the conference:

- solar activity impact on geosphere processes;
- geophysical fields and their interaction;
- dynamic processes in the atmosphere;
- radiophysics and acoustics of energy-active zones;
- simulation of geophysical processes;
- technology of data acquisition and analysis in helio-geophysical monitoring systems;
- seismic activity impact on geosphere processes and earthquake precursor physics.
