

INSTITUTE OF COSMOPHYSICAL RESEARCH AND RADIO WAVE PROPAGATION FEB RAS
SOLAR-TERRESTRIAL RELATIONS AND PHYSICS
OF EARTHQUAKE PRECURSORS
October 1 - 5, 2019, Paratunka, Russia

**10th International
Conference**

The following topical areas in solar-terrestrial physics and in geosphere processes dynamics have been discussed at the conference:

- solar activity impact on geosphere processes;
- geophysical fields and their interaction;
- dynamic processes in the atmosphere;
- radiophysics and acoustics of energy-active zones;
- simulation of geophysical processes;
- technology of data acquisition and analysis in helio-geophysical monitoring systems;
- seismic activity impact on geosphere processes and earthquake precursor physics.
